

22nd May 2020

Dear Parents and Carers,

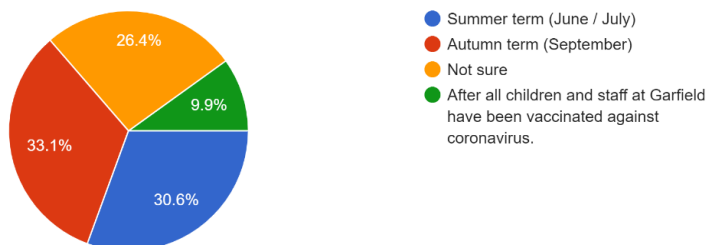

Parents' Questionnaire – School reopening - May 2020– Key Findings

There were 121 online responses, around 40% of the families in the school. In addition, 38 parent / carers were contacted by phone and asked when they would be happy for their child to return to school.

Here are the results for the three key questions:

1.

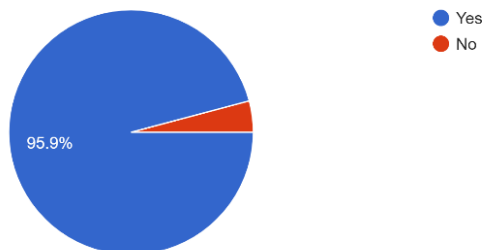

When would you be happy for your child to return to school? Please choose ONE option.
121 responses

Parents had widely different opinions about when they were happy for their child to return to school, with just 30.6% of the online responses preferring the Governments suggested date of 1st June for some year groups. Adding in the results of the 38 parents contacted by phone gives slightly different percentages: summer term: 28.3%, autumn term: 35.8%, not sure: 26.4%, after a vaccine: 9.4%.

2.

Are you happy with how Garfield has communicated with you during the school closure and lockdown?
121 responses

The overwhelming majority of parents (95.9%) felt that the school has communicated well during the school closure using the updated website pages, texts and emails direct to teachers and the weekly Community Friday Flyer.

3.

Has the home learning given by the school suited you and your child's needs?

121 responses

Most parents (79.3%) felt the home learning set by the school during the closure had met their child's needs. The school has already, at the beginning of May, contacted individual parents to find out if they need a different approach and prepared some printed packs for those children who prefer that to online work. We will contact those parents that answered 'No' directly to find out what we can do to improve the home learning set for these children.

Many thanks to all parents and carers who completed the survey.

This questionnaire will help us plan for the school reopening later in the year and to further improve the home learning we provide to those pupils still at home.

Kind regards

D Newson
