| <input type="checkbox"/> A bird's nest | <input type="checkbox"/> A flower that hasn't bloomed yet |

Story Scribing

Story scribing is an activity we do at school where the children initiate an interest in story writing and the adult sits with them and scribes their story word for word. Story scribing usually begins after a child has heard a story and would like to write their own so adults will encourage them.

1. Sit next to your child and encourage them to name their story (make sure they can see you writing)
2. Write their story word for word (you can support some of their vocabulary by asking questions e.g. how would you start your story?)
3. Encourage the children to sound out some words and if ready to write some themselves e.g. the end.
4. Read the story back through to remind your child what they have said.
5. Read the story back out loud with your child.
6. Praise your child and share their work.
7. We encourage children to act out their stories and create props and costumes to suit the characters.

(We would love to see them so email them over!)
